Sub: Increasing the number of street lights in Sarjapur Municipality

I have the honour to state that the Municipal Council, Sarjapur, have at their meeting held on 30.7.47 resolved that 5 more street lights may be got installed in the town in addition to the existing 33 lights. The municipality is at present paying a sum of Rs 47/3/0 per month as street lighting charges and the extra cost involved will be Rs 6/4/0 per month or Rs 75 per year. In case the additional 5 lights are sanctioned.

There is a loud cry for the installation of additional lights by the people of the town and the increase of the street lights is really a necessity for the town. The financial position of the municipality permits to meet the extra cost to be involved in this behalf which is only Rs 75 per year.

In the circumstances, I request that sanction of Government may kindly be accorded for the increase of 5 street lights by 5 in Sarjapur municipal limits as resolved by the municipal council.

The connected papers accompany.

I have the honour to be,
Sir
Your most obedient servant.

Deputy Commissioner
Bangalore District
